

## Extreme Ninjas Camp

# Craft Ideas

Each craft's supplies and instructions are in the link. Choose at least 5 crafts for the camp, and have a different craft at the craft station each day. All campers may do the same craft, or you may allow them to choose from a few craft options. You may want additional supplies to modify any craft. You may want to make a craft station optional. For example, kids who want to do a craft may choose to do so if they finish another station early and want to do another activity during the remaining station time, or to substitute in place of another station. If you don't want to set up a full craft station, you could simply provide ninja-themed paper crafts and/or coloring sheets (some provided in this document) or activity sheets. Do what works best for you. Get creative and have fun!
